Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. The Live Results on the website are very important as you can constantly see at a quick glance how things are going. For example if Exotics are doing well at a certain venue then you may like to play the Exotics there. For example at a certain venue if only Win Bets are doing well then you may like to try that approach, if the Top Selections are doing well at a certain venue then you may like to back the next Top Selection. Results:

Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

The Live Results on the website are very important as you can constantly see at a quick glance how things are going. For example if Exotics are doing well at a certain venue then you may like to play the Exotics there. For example at a certain venue if only Win Bets are doing well then you may like to try that approach, if the Top Selections are doing well at a certain venue then you may like to back the next Top Selection. If the 3rd and 4th selections are only doing well at a certain venue then you may like to even try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

Results:

Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

The Live Results on the website are very important as you can constantly see at a quick glance how things are going. For example if Exotics are doing well at a certain venue then you may like to play the Exotics there. For example at a certain venue if only Win Bets are doing well then you may like to try that approach, if the Top Selections are doing well at a certain venue then you may like to back the next Top Selection. If the 3rd and 4th selections are only doing well at a certain venue then you may like to even try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

Fridays March 25th 2016 Horse Racing Tips:

There were no ratings available on this day as it was good friday in Australia.

Fridays March 18th 2016 Horse Racing Tips:

The results are in...

So let's have a look at the numbers for this Friday with 44 races covered. For the Exotics there were 26 Exacta's in total which is a strike rate of 59% of all races run with the best paying out at \$97.50 with the best tipped Trifecta paying out at \$307.50 and the best straight First 4 paid out at \$522.00. For Win Bets the strike rate for the Top Selection was sitting at 38% with the strike rate for the Top 2 Selections sitting at 55% of all races run.

Results:

Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

The Live Results on the website are very important as you can constantly see at a quick glance how things are going. For example if Exotics are doing well at a certain venue then you may like to play the Exotics there. For example at a certain venue if only Win Bets are doing well then you may like to try that approach, if the Top Selections are doing well at a certain venue then you may like to back the next Top Selection. If the 3rd and 4th selections are only doing well at a certain venue then you may like to even try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

The results are in...

So let's have a look at the numbers with 61 races covered. For the Exotics there were 31 Exacta's which is a strike rate of 51% of all races run with the best paying out at \$50.60 with the best straight Trifecta paying out at \$317.40 and the best straight First 4 paid out at \$159.60. For Win Bets the best priced Top Selection winner paid out at \$10.10 with the strike rate for the Top Selection sitting at 28% with the strike rate for the Top 2 Selections sitting at 54% of all races run. And finally with Quadrella's the best dividend paid out at \$1677.70

Results:

Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to

help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

The Live Results on the website are very important as you can constantly see at a quick glance how things are going. For example if Exotics are doing well at a certain venue then you may like to play the Exotics there. For example at a certain venue if only Win Bets are doing well then you may like to try that approach, if the Top Selections are doing well at a certain venue then you may like to back the next Top Selection. If the 3rd and 4th selections are only doing well at a certain venue then you may like to even try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

Fridays February 5th 2016 Horse Racing Tips:

The results are in...

So let's have a look at the numbers with 61 races covered. For Win Bets the best priced Top Selection winner was at \$18.10 with the strike rate for the Top Selection sitting at 28% with the strike rate for the Top 2 Selections sitting at 44%. For the Exotics there were 28 Exacta's in total which is a strike rate of 46% with the best paying out at \$59.10 with the best straight Trifecta paying out at \$440.80 and the best straight First 4 paid out at \$2021.00

Results:

Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

The Live Results on the website are very important as you can constantly see at a quick glance how things are going. For example if Exotics are doing well at a certain venue then you may like to play the Exotics there. For example at a certain venue if only Win Bets are doing well then you may like to try that approach, if the Top Selections are doing well at a certain venue then you may like to back the next Top Selection. If the 3rd and 4th selections are only doing well at a certain venue then you may like to even try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!

Fridays January 15th 2016 Horse Racing Tips:

The results are in...

Let's have a look at the results for this Fridays racing with 32 races covered on the site. For Win Bets the best priced winner was at \$10.10 with the strike rate for the Top Selection sitting at 31% with the strike rate for the Top 2 Selections sitting at 59%. For the Exotics the Exacta strike rate was at 34% with the best paying out at \$44.50 with the best tipped straight Trifecta paying out at \$163.40 and the best tipped straight First 4 paid out at \$1972.40

Results:

Please note as of the 24th of May 2015 you will see a change in how the live results are given on the website. After the winner result you will see a number for example Winner (1) \$5.30 the (1) represents the winner came from the first tip in the sequence. So (2) will represent tip 2, (3) tip 3 and (4) tip 4. This information is given to help people clearly see which horse in the tips sequence actually won and it is also very helpful in tracking winning betting patterns.

The Live Results on the website are very important as you can constantly see at a quick glance how things are going. For example if Exotics are doing well at a certain venue then you may like to play the Exotics there. For example at a certain venue if only Win Bets are doing well then you may like to try that approach, if the Top Selections are doing well at a certain venue then you may like to back the next Top Selection. If the 3rd and 4th selections are only doing well at a certain venue then you may like to even try that approach. And also if a certain venue is not doing well at all results wise it may be wise to avoid betting at that venue altogether. Just use your logic when it comes to this information as PATTERNS are very IMPORTANT!
